Summary

I am a Ph.D. student in the School of Engineering at the University of Guelph where I am advised by Prof. Graham Taylor. I received both of my M.Sc. and B.Sc. degree in Computer Science from the University of Manitoba. My research is focused on Deep Learning and its applications in Computer Vision.

Experience

Machine Learning Group, School of Engineering

UNIVERSITY OF GUELPH, GUELPH, CANADA

Graduate Research Assistant

Sep '17 – present

Researching deep learning techniques to solve various computer vision tasks. (e.g. semi supervised learning, active learning, transfer learning and data augmentation.)

Computer Vision Lab
